

www.IrishSkills.com

Find the service you need when you need it

IRELAND'S FASTEST GROWING JOBS WEBSITE

The Irish Skills website – www.IrishSkills.com – helps people find services in their area, for example, carpenters, plasterers, photographers, electricians and many hundreds of other service providers.

Our website also connects employers with employees.

It's simple:

- Users pick a location and a service.
- A list pops up of people providing that service in that area.

How to sign up:

To advertise your skill please **text 'IS'** followed by your name, the service or services you provide, your mobile number and the counties you operate in **to 57802** or **Tel. 1517 415 051**. Within one hour your name will be on our website.

After one month, we'll text you with the option to renew – which you can do by text or phone. *(Texts & calls €2 each.)*

If you choose to ignore our renewal text, your listing becomes inactive and you'll receive no further calls or texts.

It's that simple!

**Don't be
left out!**

**Advertise yourself on the
internet for only €2 per month!**
